FOR CONGRESS.

We are authorized to announce JOHN K. HENDRICKS, as a candidate for Congress, subject to the action of the Democratic party.

We are authorized to announce JOHN W. SKELTON as a candidate for Congress, subject to the action of the Democratic party.

We are authorized to announce THOS. L. CHAMPION as a candidate for Jailor of Crittenden county, subject to the action of the Democratic party.

FOR ASSESSOR.

We are authorized to announce J. F. FLANNERY as a candidate for Assessor, subject to the action of the Democratic party.

Resident of \$12,000.

The Populists will start a paper at Paducah about March 1.

Recently one hundred people left Mayfield for Oklahoma Territory.

They do say that the Benton Tribune has a slight leaning towards Capt. Stone.

Murray, judging from the papers, is evidently opposed to the reelection of Capt. Stone.

Gen. Wat. Harlin has officially announced his designs upon the office of Governor. He is going to win, too.

The grand jury of Trigg county returned 30 indictments and adjourned last week. As usual, "concealed weapons" heads the list.

The Salvation army has purchased 2,000,000 acres of land in Mexico and will provide homes for 5,000 families taken from the poor of England and the United States.

The Tale no longer has reason to complain of a want of candidates in Lyon county. About fifteen are announced. The office of Assessor is the Mecca for more pilgrims than any other office.

With a colored ticket, a Democratic ticket, a Republican ticket, a Populist ticket, all in the field this summer there are no equal need of any other entertainments for the people of Crittenden.

Webster county has sixty candidates for office. We are not only glad that Travelator is between Crittenden and Webster, but rejoice that the snow and rains are keeping the waters of the little river rising.

Chief Justice Cassell B. Smith, who is a candidate for reelection to the Court of Appeals, is in the city looking after his business, which he said "smile high, but strong and pig tight."—Hoy kinsville Kentuckian.

The amended State Board of Equalization bill, which has already been passed by the Senate, provides for the equalization once every four years, the first to be in 1904. This is better than abolishing the board altogether.

The Republican committee, the Democratic committee, the Populist committee, all meet in Marion on the 12th. Now if the candidates and prospective candidates will come out, who will be at home to take care of the women and children?

Is He a Mugwump?

Referring to the new postmaster at Clinton, the Democrat says: "The editor would just as lief get his mail through the hands of Mr. Green as through the hands of any other fellow, and he is not identified with the Democrat's party's troubles."

Let us hope that our friends at Clinton are not afflicted with a mugwump.

Louisville is in the midst of a bitter rivalry. A number of members of the city council are accused of selling their votes at from \$5 to \$75 each to candidates for city seats of weight and measure. An investigation is in progress.

Many Bills Killed and a Few Meritorious Ones Passed.

Women Get Their Rights—Gubernatorial Timor.

Crittenden Press Bureau:

The Legislature has entered upon the last few days of its session with undiminished vigor, and bills are being handled at a rapid rate. Most of the bills that have come up so far have been very despatchly killed, and the few measures passed are for the most part good laws, and meet with general approval.

The charter for cities of the second class is the most important bill now pending, and seems to be as far from a passage as ever.

Newport and Covington are still widely at variance and unless some agreement is made within the next few days the cities of the second class will be sure enough "Orphans," as the newspapers have chosen to designate them.

It is given out on good authority that if the charter is not passed the Governor will call a special session immediately after the adjournment to consider the charter. Some of the members seem to believe the rumor and are trying to block legislation on the charter in the hope that the session will be extended.

The bill placing the control of the penitentiaries in the hands of a board of three commissioners still hangs fire, although it is generally believed that the bill will become law before the close of the session. The bill is one of the pet measures of the Governor and if it is not passed may strengthen the Governor's grounds for an extension of the session.

Hereafter peddlers throughout the state will be compelled to pay a license. This will put a stop to the roguish pranks of irresponsible parties, and stop tramp peddlers from doing business.

The most important bill passed so far is the Woman's Property Rights bill. This bill places a woman upon an equal footing with a man in regard to interest in any property she may have had before marriage.

Several of the most prominent lady advocates of women's rights throughout the state have been here almost continuously during the session advocating the passage of the bill and are very proud over their signal victory.

The Governor swung his veto ax for the first time last week and the hope of some of the members that this Legislature would escape meeting with executive disapproval has vanished into the atmosphere.

The Governor returned without his approval the bill allowing the Trustee of the Jeff Fund to draw in advance such sums as he may believe will be necessary to pay the jurors at each term of the court instead of withholding such payment until the services are rendered. The Governor and Auditor Norman both agreed that while the bill had its meritorious features that it was such a radical departure from the present laws that it would open the way for fraud and be mischievous in other ways.

The Senate was treated to the spectacle of a Senator talking against time the other day and it heartily enjoyed the episode.

The Republicans of the Senate are in favor of abolishing the State Board of Equalization and when the bill was called up they saw that not enough of their Democratic brethren who sided with them present to pass the bill.

Senator Nell (Republican) got the floor and spoke for four hours, until the hour for adjournment arrived.

Lieut. Governor Mifflin had a little fun out of the affair by ignoring the hour of adjournment for ten minutes, just to see what Senator Nell would do. The Senator looked appealingly at the clock and then at the Lieut. Governor and finally his excellency relented and finally his excellency wanted to speak for

Winter at last and plenty of it.

We report on the sick list this week W. E. Brown and wife, Mrs. Sue Threlkeld, son of John Kirk, Tom Harpending, and Anna Lucinda Terry, colored.

W. C. Tyler and James Harris are on the river rafting logs.

Miss Myra Stevens, of Salem, is the guest of W. C. Tyler's family.

Mrs. Sarah Millikan is visiting her sister Mrs. Hinton, near Duncuburg, who is very ill.

Our farmers, generally, will prize their tobacco. The low prices offered by the local buyers being so low that they will try shipping.

Owing to the low prices offered for tobacco, our farmers are making but little preparation for a crop of the weed this year.

We have two or three prospective candidates (Democrats) in this section for Assessor, and Jailor, and one for County Judge. So look out all the Democrats in this section are not dead by a sight.

A large meteor fell in this section on the night of February 22nd. While some of the boys were out fox hunting, about 12 o'clock at night, they saw fall from the heavens a big ball of fire, the size of a hoghead.

It was accompanied by a rushing noise like the coming of a storm. The night was moonless and light as day.

From the direction the parties are certain that it fell on the farm of Samuel Wright. It would have been a good time for an evangelist to that crowd for a few minutes.

Bro. Lowery filled his appointment at New Salem Saturday and Sunday. Mrs. Mary Brown, of Sheridan, is spending a few weeks with the family of Spill Threlkeld.

Late advice from our old friend William Davenport, now at Columbus, Ohio, and one of Uncle Sam's boys, having joined the U. S. regular army, reports him well and doing business at the old stand.

Prof. Wallace Franklin will take up school at New Salem, first Monday in March.

Crayneville.

Had a fine snow on the 25th, melted away on the 26th and 27th leaving a thin crust. Though our names are not "mud," we are firing as well as many of our unfortunate neighbors, as some one has said, "we are looking up" because we cannot look any other way.

Lying flat on our backs. (Speaking from a business standpoint) But are hopeful that we will get up when the days get longer and warmer.

With all of our financial straits, our little village is improving.

H. P. Jacobs has purchased land from H. T. Jacobs and has a nice residence about half completed on Wood all avenue.

Dr. W. F. Russell has not left his residence, with the assistance of Bob Baker, who by the way is an expert mechanic, though they say that the doctor had to help him down out of the loft.

J. F. Crayne has built a very neat cottage on Cardin's pike, and will move into it soon.

J. O. Tabor is just recovering from a seizure of the "grippe." Jack says that poor folks don't have "la grippe."

He has just sold his tobacco.

Joe P. Debow went to Evansville Monday to see a war bad of oak lumber and live oak hides. If you want lumber come to the Crayneville market, T. E. Ryan will furnish it.

Tom is a splendid cow driver, he only holds and unhooks three times on one hill, but he gets them.

Say Mr. Editor did you ever see 216 box cars to one train, or a man and one ox drive a wagon with six loads of potatoes up a steep hill? We have some curiosities out here in the shape of men who have seen wonderful things.

C. L. Ballard is having tobacco put up here.

Carrie Manner and Alfred Lewis have cleared 8 acres of land and have the logs rolled.

Farmers are preparing for a large crop of tobacco.

Women Get their Rights—Gubernatorial Timor.

Crittenden Press Bureau:

adjourned. It is needless to add that the Senator was only too glad to be allowed the privilege of ending his remarks.

Where sleeps the sensational investigation of the Attorney General, that we were promised with such a flourish of trumpets at the beginning of the session? No one seems to know and no one seems to care, so I suppose, the whole thing has been dropped by common consent.

The citizens of the little mountain town of Pineville have been here in large numbers during the past week asking the passage of the bill placing Pineville with the cities of the fourth class, instead of the fifth class, where it now is. The delegation was headed by Judge Unthank, the queer genius who represented Ball county several years ago.

The two Populist members of the House got mighty lonesome as they are barred out from caucuses of both parties and have adopted the plan of having caucuses themselves.

They have tried to get in both caucuses, and have adopted this plan as a last resort.

Gubernatorial timor is still being discussed very freely, and Cassius M. Clay has been here almost continuously during the session and is making an active canvass. Gen. Harlan still seems to be in the lead, and a large majority of the Democratic members are for him.

Senator Tyler has been mentioned very frequently for Lieut. Governor, and it is reported that Senator Joe Nye will enter the race for Attorney General.

George Alexander, of Louisville, formally announced himself as a candidate for Lieut. Governor.

On the Republican side, Wan. O. Bradley has the call for the nomination for Governor, and has announced that he will accept the nomination.

Senators Jones and Nell both want the nomination for Lieut. Governor, but neither has as yet announced himself.

#### COURSE OF TRUE LOVE.

A Union County Juliet Attempts to Kill Herself After a Row With Her Romeo.

Morganfield, Ky., Feb. 27.—The report reached the city late yesterday evening that Miss Laura Gaines, the fifteen-year-old daughter of Mr. John Gaines, a wealthy farmer near this city, attempted to end her life Sunday evening by taking a two ounce bottle full of Fowler's solution. Her sister went into the parlor about 7 o'clock on the evening above mentioned and noticed an empty bottle on the mantle which had contained the solution. She hurried to the sister's room only to find her in a dangerous condition lying on the bed. She at once resorted to the taking of the deadly drug but Miss Gaines denied it. Medical aid was quickly summoned and peace given the would-be suicide, which notified her and in this way saved her life.

A misunderstanding between Miss Gaines and her sweetheart is said to be the cause of her attempted suicide. She is now very sick, but it is thought she will possibly recover. The affair has caused quite a sensation in this locality.

For the school year ending June 30, 1894, the public school money Crittenden county draws amounts to white, \$13,487.63; colored \$1,297.61, making a total of \$14,785.24. There are now eight colored school districts, No. 9 having been merged into No. 8.

"There is a decided lull in our business" remarked the county judge a few weeks since, as the county attorney nodded an assent; "we are having very few Commonwealth trials now, compared with other seasons of the year." When asked how the seasons effected that particular work of the officials, the reply was that during the barbeque season, in the late summer and early fall months, the "boys" had their fun. Those gatherings gave rise to a very large per cent. of the trouble out of which grow the catalogue of offenses that come before the courts for trial. The change of the election from August to November has diminished the number of barbeques, and consequently decreased the gatherings that breed trouble.

### A Lecture Club.

An effort is being made to organize a permanent Lecture Club at Marion. The object is to unite a sufficient number of those who are desirous of hearing the best lecture talent of the country, that the necessary funds may be guaranteed in advance. This done there will be no trouble in getting the men who are instructing and delighting the country from the platform. Col. Ham, the Southern Orator and Humorist, has been selected to deliver the first lecture of the series at the Opera House next Monday night. The opportunities of the people of Marion for hearing such men as Col. Ham, Rev. Leonard Abbott, D. D., Col. G. W. Bain, Will C. Carleton, Rev. Sam P. Jones, Eli Perkins, James Whitcomb Riley and a score or more of others so well known, has been very limited; the organization of the club will afford the test of opportunities. Go on Monday night; you will get many times the worth of your money, and will encourage the organization of the club.

### A Fine Church.

The magnificent new temple of worship built by the Baptist congregation of this city was opened Sunday for the first time and services held therein. Notwithstanding the fact that there was a hard snow falling and Mother Earth was covered to a depth to make walking disagreeable, there was a very large congregation present.

The stone foundation was built by the Morris-Bennett Company, of Louisville, and cost \$2,500. Contract for the brick and woodwork, including roof, in fact the delivery of its keys at its completion, was let to Riley and Koerner for \$10,000. There is yet due on the building near \$5,000, but this amount will be easily raised. A call was made upon the congregation Sunday morning, and, with but little persuasion, \$1,617 of this sum was subscribed.—Henderson Gleaser.

### A Card.

I take this method of announcing to the public that I have yielded to the solicitations of many partial friends and have also succumbed to my own inclinations in the matter of becoming a candidate for the office of Jailer of Crittenden county. And while I do not regard this as a political office, and believe that a man's politics should have nothing to do with the discharge of the duties of the same, still, right or wrong, take it the country over, you will find that electors, many of them will want to know, of what political persuasion is the candidate. And though politically in the minority in this county—having been a life long Democrat—I am subject to the will of that party, expressed in such a manner as they may decide upon, and hereby pledge myself to abide their action and support the man of their choice, with this proviso, I don't expect to vote for myself.

Arthur H. Diet.

### The Snugglygoster.

Columbus Enquirer: Col. Ham has had remarkable success since he took to the platform. He has drawn large audiences and has entertained them. As the discoverer of the Snugglygoster, Col. Ham won fame rapidly and has gone up the ladder with a bound.

His opening remarks were pregnant with wit and humor, and then something reminded him of a story. Well, that story was a sidesplitter, and the audience was Ham's after that. The humor and point of his jokes were irresistible, and people laughed until great, big tears rolled down their cheeks. Story upon story was told, illustrating some point and carrying it home to his hearers.

It is impossible to give any idea of his inimitable fun, and in order to believe one must see and hear. The latter part of his lecture was as eloquent as the first portion was funny. His audience was delighted with his beauty and moved with his eloquence. He is equally at home when he roars as when he makes his audience roar.

Col. Ham will be at the Opera House in Marion next Monday night.

### NOTICE.

TO THE DEMOCRATIC COUNTY COMMITTEE:

I hereby notify and request every Democratic committeeman to meet me in Marion Monday, March 12, 1894, in being county court day. The business before the committee will be to reorganize, and I impress it upon every chairman of voting precinct committees to be present and see to it that every member of his committee is present also.

Very respectfully,

R. L. Moore, Ch'n, Dem. Co. Committee.

### Ben Johnson Dead.

Ben Johnson, a well known and useful citizen of the Shady Grove neighborhood, died at his home Saturday.

An infant of Smith James near town died Friday.

### A SAFE CRACKED.

Burglars Get Sixty Dollars From F. E. Robertson & Co's Safe.

Tuesday night burglars prized the shutter from a window of F. E. Robertson & Co's safe room, raised the window sash, went in and blew open the safe, and carried away \$60 in cash and a lot of valuable papers. A large monkey wrench, a chisel, brace and bit were the tools used, and powder or some other explosive assisted in shattering the lock to the small Hall safe. The knob or handle by which the lock is turned, was evidently first knocked off, and the explosive was inserted in the aperture made by the displacement of the knob, and the explosion so completely shattered the lock and combination that the door was easily removed, with the assistance of tools found there. A pair of pants were also found, having possibly been used to deaden the sound. As Mr. Robertson did not go to the safe room until 8 or 9 o'clock Wednesday morning, the burglars had several hours to get away, and there is no trace of them whatever.

### THE SCHOOL BOARD.

The Board to be Placed on the Market.

Tuesday the school board held a meeting and decided to proceed at once with the necessary arrangements for building an \$8,000 graded school building this summer. The decision of Superintendent of Public Instruction, Thompson, concerning the site was accepted as final, and the new house will be built upon the lot occupied by the old school buildings. The bonds will be issued in denominations of \$100 and are to run fifteen years, the board to have the option of paying them, any part thereof after five years, the bonds will be offered for sale publicly in lots, and as a whole on the first day of Circuit Court.

In the meantime plans and specifications for the new building will be prepared and it is expected that matters will be far enough advanced to begin work on the buildings by the 15th of May.

### TWO DEATHS.

### A Son and Daughter of J. H. Trimble Die.

Carrsville, Ky., Feb. 28.—On last Monday Mr. J. H. Trimble, a good citizen who lives near Carrsville, was summoned to Cardale county by the illness of his daughter, Mrs. W. L. Thompson; she died and the body was brought to Cardale for burial; on the evening of the day Mr. Trimble left home, a dispatch came telling of the serious illness of his son at Dallas, Tex.; two of his sons left immediately for Texas; one Tuesday morning a telegram came announcing the death of his son at Dallas. Mr. Trimble is one of our best citizens, and he has the sympathy of our people in this great bereavement.

About two months ago Mr. Bird left Carrsville for Island 26 in the Mississippi, two weeks ago his wife returned, he having died, and on yesterday day morning the woman died.

### Uncle Amos Dead.

On the 27th "Uncle" Amos Woods, one of the old time, old style negroes, died at his home in this county at the age of 84 years. He was an honest, industrious old man, one that had the respect of his own people as well as that of the white folks who knew him. He was raised by the late Henry Woods, father of our county clerk, and to the day of his death was strongly attached to the members of the Woods family.

Mrs. M. E. Peck and Thomas Peck sue the administrator of Levi C. Frasier for \$173.95, claimed to be a balance due M. E. Peck, formerly M. E. Lear, for services as housekeeper for the defendant, from April 1886 to March 1890.

### County Court Notes.

By agreement Geo. D. Koont appointed of S. C. Bennett, was released from the custody of his master.

J. W. Custer granted change in public road, and Ed Crider appointed to have said road opened.

### Deeds Recorded.

W. L. Bigham to Pierce & Son, 63 acres for \$1,575.

N. E. and John Griffin to W. H. Mays, lot in Dycusburg for \$75.

A question that one meets with pretty frequently now-a-days is: "Will Dave Woods be a candidate for re-election?"

### THEY WANT SOME PIE.

The Colored Voters Want Two of Their Number on the County Ticket.

In accordance with a call recently issued, the colored voters of Crittenden county held a meeting in Marion Monday. Previous to the hour of meeting a Press representative called upon one of the men interested in the meeting and asked if a reporter would be admitted, he was informed that the meeting would be held with closed doors, and that no white man need apply; that the Press must get its information from the best source it could, and that after the meeting there might be some news floating around. The meeting was held in one of the colored churches, and Phil. Johnson, of this place, was chosen chairman and Toney Hughes, of Ford Ferry precinct, Secretary. After adjournment, the Press called upon the chairman for information; he was pleasant and communicative. He said there were some fifty colored voters present, every precinct in the county except Dycusburg, being represented. "We were simply organizing to ask for a substantial recognition from the Republican party of Crittenden county. I understand there are 300 or 400 colored voters in the county. For 26 years we have been voting with the party, and now the sentiment of the colored voters of the county is that the time has arrived for us to have representatives on the ticket. We selected R. C. Wadell for Assessor, Harry Stone for Jailer, and will ask the Republicans to put them on the ticket. These men are qualified for the places, and with us this is no funny game. We are in cold earnest. We mean business. This thing was agitated to some extent four years ago, but the time was not then ripe; we asked for representatives on the county committee with this end in view. We are not going to back down; it is the feeling of our people to push this thing to a conclusion this time, and if there is any compromise it must be a compromise to our advantage."

### MORE COAL FOUND.

### A Five Foot Vein of No. 11 on Marion Ford's Farm.

Every now and then the presence of a vein of coal is discovered in some locality of the county. Last year the locality of a vein near Crittenden Springs excited considerable interest in the west side of the county; a few weeks ago, coal was found two miles east of Marion, and now in the extreme eastern portion of the county, the prospects for a paying mine are flattering, and the people of that vicinity who have been hauling coal from Providence, eight to twelve miles away, are elated over the idea of getting coal of the same quality practically at their own doors. The newly discovered vein is on the farm of Marion Ford, four miles from Shady Grove. The investigation so far shows a vein 4 feet and six inches thick, and of good quality. It is only a few feet below the surface, and can be mined at a small expense. The miners who are opening the vein, pronounce it identically the same coal mined at Providence. A thorough investigation will be made of the situation, and if as good as the surroundings now indicate, parties will take hold of the new mines under a two years contract.

### Franklin-Summers.

Tuesday evening at the residence of George Summers, of the Levia neighborhood, Miss Lake Summers and Mr. A. F. Franklin were happily united in marriage, Rev. J. S. Henry officiating. Quite a number of the friends of both families were present. After the ceremony a handsome collation was served, and the happy pair were warmly congratulated. The bride is a handsome, and well educated young lady, admired for her lovely disposition; the groom is one of the popular, prosperous young farmers of the county. The Press extends congratulations.

### An Expensive Drunk.

John Turpie came to town yesterday and by some means permitted fighting liquor to get charge of his right arm and tongue. At the depot he undertook to use his knife upon people in general. He said "guilty," when before Judge Moore and the bill was \$15.50.

### Special Services.

### RESCUED HER.

A Negro Girl's Lover Kills Her Assaultant.

The following from the Evansville Courier is given to our readers for what is worth, we advise that it be taken with a copious supply of salt.

Henderson, Ky., February 27.—A criminal tramp was killed Sunday last in Tradewater bottom, Crittenden county, where Abner Hord, a worthy negro, with a wife and daughter, Susie, aged 19, cultivate a small farm. At 9 o'clock a. m., during a light snow storm, the old couple went to visit a dying neighbor, leaving the young woman at home to prepare dinner. About 10 o'clock Susie went to the barn to collect some eggs and soon her piercing screams attracted Clem Shupson, a mulatto admirer of the girl, who chanced to be near by on a rabbit hunt. He hurried to the barn and looking through a chink beheld the scene which compelled him to fire at close range a load of shot into the body of the villain. Then eluding his gun, Clem rushed through the door but found his victim dead. He carried the insensible girl in his arms to the dwelling. The tramp was a white man about thirty-five, with nothing to indicate his identity save the tattooed letters "H. W." on his left fore arm.

### PERSONAL.

The Democratic waters are still placid; not enough candidates in the pool to create the slightest ripple.

D. H. Franks is making a success as landlord of the Planter's House, the biggest hotel in Owensboro.

Mr. R. E. Bigham thinks favorably of the electric light plant, and may take hold of the enterprise.

Monday help was being solicited in town for Mr. Bennett, a blind man living a few miles from town. He is a deserving, needy man.

Messrs. A. J. Dickens and Dick Mays went to St. Louis Monday. They expect to purchase a car load of mules and bring to this county for sale.

Salem has swung her by-laws to the breeze; the enactments of the Board of town directors are somewhat similar to those of Marion. Our neighbor has a real lock-up, too.

The old school buildings are offered for sale. Marion has outgrown her shabby clothes and proposes to put on a smart frock. You can't keep a good town down.

The man who was seen to take my meerschaum pipe from Pierce & Sons store, will save trouble in court, by returning it, and no questions will be asked. Thos. Cochran.

Why not use the best stuff? It protects the teeth while other stuff ruins them. Each box of Bruton's stuff contains a ticket which when you get enough of them, will get you a piece of fine 18 karat jewelry. For sale by Thomas Bros.

For the school year ending June 30, 1894, the public school money Crittenden county draws amounts to white, \$13,487.63; colored \$1,297.61, making a total of \$14,785.24. There are now eight colored school districts, No. 9 having been merged into No. 8.

"There is a decided lull in our business," remarked the county judge a few weeks since, as the county attorney nodded an assent; "we are having very few Commonwealth trials now, compared with other seasons of the year." When asked how the seasons affected that particular work of the officials, the reply was that during the barbecue season, in the late summer and early fall months, the "boys" had their fun. These gatherings gave rise to a very large per cent. of the troubles out of which grow the catalogue of offenses that come before the courts for trial. The change of the election from August to November has decimated the number of barbecues, and consequently decreased the gatherings that breed trouble.

#### A Lecture Club.

An effort is being made to organize a permanent Lecture Club at Marion. The object is to unite a sufficient number of those who are desirous of hearing the best lecture talent of the country, that the necessary funds may be guaranteed in advance. This done there will be no trouble in getting the men who are instructing and delighting the country from the platform. Col. Ham, the Southern Orator and Humorist, has been selected to deliver the first lecture of the series at the Opera House next Monday night. The opportunity of the people of Marion for hearing such men as Col. Ham, Rev. Lyman Abbott, D. D., Col. G. W. Bain, Will C. Carleton, Rev. Sam P. Jones, Eli Perkins, James Whitcomb Riley and a score or more of others so well known, has been very limited; the organization of the club will afford the test of opportunities. Go out Monday night; you will get many times the worth of your money, and will encourage the organization of the club.

#### A Fine Church.

The magnificent new temple of worship builded by the Baptist congregation of this city was opened Sunday for the first time and services held therein. Notwithstanding the fact that there was a hard snow falling and Mother Earth was covered to a depth to make walking disagreeable, there was a very large congregation present.

The stone foundation was built by the Morris-Bennett Company, of Louisville, and cost \$2,500. Contract for the brick and woodwork, including roof, in fact the delivery of its keys at its completion, was let to Riley and Koerner for \$16,000.

There is yet due on the building near \$9,000, but this amount will be easily raised. A call was made upon the congregation Sunday morning, and, with but little persuasion, \$1,847 of this sum was subscribed. — Henderson Glenner.

#### A Card.

I take this method of announcing to the public that I have yielded to the solicitations of many partial friends and have also succumbed to my own inclinations in the matter of becoming a candidate for the office of Jailor of Crittenden county. And while I do not regard this as a political office, and believe that a man's politics should have nothing to do with the discharge of the duties of the same, still, right or wrong, take it the country over, you will find that electors, many of them will want to know, of what political persuasion is the candidate. And though politically in the minority in this county—having been a life long Democrat—I am subject to the will of that party, expressed in such a manner, as they may decide upon, and hereby pledge myself to abide their action and support the man of their choice, with this proviso, I don't expect to vote for myself. Arthur H. Belt.

#### The Snugglygoster.

Columbus Enquirer: Col. Ham has had remarkable success since he took to the platform. He has drawn large audiences and has entertained them. As the discoverer of the Snugglygoster, Col. Ham won fame rapidly and has gone up the ladder with a bound.

His opening remarks were pregnant with wit and humor, and then something reminded him of a story. Well, that story was a side-splitter, and the audience was Ham's after that. The humor and point of his jokes were irresistible, and people laughed until green, big tears roll down their cheeks. Story upon story was told, illustrating some point and carrying it home to his hearers.

It is impossible to give any idea of his inimitable fun, and in order to believe one must see and hear. The latter part of his lecture was no eloquent as the first portion was funny. His audience was delighted with its beauty and moved with its eloquence. He is equally at home when he soars as when he makes his audience roar.

Col. Ham will be at the Opera House in Marion next Monday night.

#### NOTICE.

TO THE DEMOCRATIC COUNTY COMMITTEE:

I hereby notify and request every Democratic committeeman to meet me in Marion Monday, March 12, 1894, it being county court day. The business before the committee will be to reorganize, and I impress it upon every chairman of voting precinct committees to be present and see to it that every member of his committee be present also.

Very respectfully,

R. L. Moore, Ch'n, Dem. Co. Committee.

#### A Hoop Factory.

Berry F. James & Sons will shortly put up a hoop factory in Marion. They will use a great deal of timber that for other purposes is practically worthless.

#### Ben Johnson Dead.

Ben Johnson, a well known and useful citizen of the Shady Grove neighborhood, died at his home Saturday.

An infant of Smith James near town died Friday.

#### A SAFE CRACKED.

Burglars Get Sixty Dollars From F. E. Robertson & Co's Safe.

Tuesday night burglars prized the shutter from a window of F. E. Robertson & Co's safe room, raised the window sash, went in and blew open the safe, and carried away \$60 in cash and a lot of valuable papers. A large monkey wrench, a chisel, brace and bit were the tools used, and powder or some other explosive assisted in shattering the lock to the small Hall safe. The knob or handle by which the lock is turned, was evidently first knocked off, and the explosive was inserted in the aperture made by the displacement of the knob, and the explosion so completely shattered the lock and combination that the door was easily removed, with the assistance of tools found there. A pair of pants were also found, having possibly been used to deaden the sound. As Mr. Robertson did not go to the safe room until 8 or 9 o'clock Wednesday morning, the burglars had several hours to get away, and there is no trace of them whatever.

#### THE SCHOOL BOARD.

The Bonds to be Placed on the Market.

Tuesday the school board held a meeting and decided to proceed at once with the necessary arrangements for building an \$8,000 graded school building this summer. The decision of Superintendent of Public Instruction, Thompson, concerning the site was accepted as final, and the new house will be built upon the lot occupied by the old school buildings. The bonds will be issued in denominations of \$100 and are to run fifteen years, the board to have the option of paying them, any part thereof after five years; the bonds will be offered for sale publicly in lots, and as a whole on the first day of Circuit Court.

In the meantime plans and specifications for the new building will be prepared and it is expected that matters will be far enough advanced to begin work on the buildings by the 15th of May.

#### TWO DEATHS.

A Son and Daughter of J. H. Trimble Die.

Carrsville, Ky., Feb. 28.—On last Monday Mr. J. H. Trimble, a good citizen who lives near Carrsville, was summoned to Carle's county by the illness of his daughter, Mrs. W. L. Thompson; she died and the body was brought to Carle's county for burial; on the evening of the day Mr. Trimble left home, a dispatch came telling of the serious illness of his son at Dallas, Tex., two of his sons left immediately for Texas; one Tuesday morning a telegram came announcing the death of his son at Dallas. Mr. Trimble is one of our best citizens, and he has the sympathy of our people in this great bereavement.

About two months ago Mr. Bird left Carrsville for Island 26 in the Mississippi, two weeks ago his wife returned, he having died, and on yesterday day morning the woman died.

#### Uncle Amos Dead.

On the 27th "Uncle" Amos Woods, one of the old time, old style negroes, died at his home in this county at the age of 84 years. He was an honest, industrious old man, one that had the respect of his own people as well as that of the white folks who knew him. He was raised by the late Henry Woods, father of our county clerk, and to the day of his death was strongly attached to the members of the Woods family.

N. E. and John Griffin to W. H. Mayes, lot in Dycusburg for \$75.

A question that one meets with pretty frequently now-a-days is: "Will Dave Woods be a candidate for re-election?"

#### THEY WANT SOME PIE.

The Colored Voters Want Two of Their Number on the County Ticket.

In accordance with a call recently issued, the colored voters of Crittenden county held a meeting in Marion Monday. Previous to the hour of meeting a Press representative called upon one of the men interested in the meeting and asked if a reporter would be admitted, he was informed that the meeting would be held with closed doors, and that no white man need apply; that the Press must get its information from the best source it could, and that after the meeting there might be some news floating around. The meeting was held in one of the colored churches, and Phil Johnson, of this place, was chosen chairman and Toney Hughes, of Ford's Ferry precinct, Secretary. After adjournment, the Press called upon the chairman for information; he was pleasant and communicative. He said there were some fifty colored voters present, every precinct in the county except Dycusburg, being represented. "We were simply organizing to ask for a substantial recognition from the Republican party of Crittenden county. I understand there are 300 or 400 colored voters in the county. For 26 years we have been voting with the party, and now the sentiment of the colored voters of the county is that the time has arrived for us to have representatives on the ticket. We selected R. C. Waddle for Assessor, Harry Stone for jailer, and will ask the Republicans to put them on the ticket. These men are qualified for the places, and with us this is no funny game. We are in cold earnest. We mean business. This thing was agitated to some extent four years ago, but the time was not then ripe; we asked for representatives on the county committee with this end in view. We are not going to back down; it is the feeling of our people to push the thing to a conclusion this time, and if there is any compromise it must be a compromise to our advantage."

#### MORE COAL FOUND.

A Five Foot Vein of No. 11 on Marion Ford's Farm.

Every now and then the presence of a vein of coal is discovered in some locality of the county. Last year the unearthing of a vein near Crittenden Springs excited considerable interest in the west side of the county; a few weeks ago, coal was found two miles east of Marion, and now in the extreme eastern portion of the county, the prospects for a paying mine are flattering, and the people of that vicinity who have been hauling coal from Providence, eight to twelve miles away, are elated over the idea of getting coal of the same quality practically at their own doors. The newly discovered vein is on the farm of Marion Ford, four miles from Shady Grove. The investigation so far shows a vein 4 feet and six inches thick, and of good quality. It is only a few feet below the surface, and can be mined at a small expense. The miners who are opening the vein, pronounce it identically the same coal mined at Providence. A thorough investigation will be made of the situation, and if as good as the surroundings now indicate, parties will take hold of the new mines under a two years contract.

#### Franklin-Summers.

Tuesday evening at the residence of George Summers, of the Levas neighborhood, Miss Lake Summers and Mr. A. F. Franklin were happily united in marriage, Rev. J. S. Henry officiating. Quite a number of the friends of both families were present. After the ceremony a handsome collation was served, and the happy pair were warmly congratulated. The bride is a handsome, and well educated young lady, admired for her lovely disposition; the groom is one of the popular, prosperous young farmers of the county. The Press extends congratulations.

#### An Expensive Drunk.

John Turpin came to town yesterday and by some means permitted fighting liquor to get charge of his right arm and tongue. At the depot he undertook to use his knife upon people in general. He said "guilty," when before Judge Moore and the bill was \$15.50.

#### RESCUED HER.

A Negro Girl's Lover Kills Her Assailant.

The following from the Evansville Courier is given to our readers for what is worth, we advise that it be taken with a copious supply of salt. Henderson, Ky., February 27.—A criminal tramp was killed Sunday last in Tradewater bottom, Crittenden county, where Abner Ford, a worthy negro, with a wife and daughter, Susie, aged 19, cultivated a small farm. At 9 o'clock a. m., during a light snow storm, the old couple went to visit a dying neighbor, leaving the young woman at home to prepare dinner. About 10 o'clock Susie went to the barn to collect some eggs and soon her piercing screams attracted Clem Simpson, a mulatto admirer of the girl, who chanced to be near by on a rabbit hunt. He hurried to the barn and looking through a chink beheld the scene which compelled him to fire at close range a load of shot into the body of the villain. Then clubbing his gun, Clem rushed through the door but found his victim dead. He carried the insensible girl in his arms to the dwelling. The tramp was a white man about thirty-five, with nothing to indicate his identity save the tattooed letters "H. W." on his left fore arm.
